Finishing:

Fold knitted mask in half.

Attach I-Cord to center (where it is folded) to make ear loop.

Attach other I-cord to other end (with I-Cord coming out of top so same as other side) to make other ear loop.

Using a Yarn needle, sew together the top edge (using mattress stitch or whatever favorite stitch for sewing).

Sew along open side.

For bottom – either, sew along entire bottom or sew at each end, leaving space to insert a filter.
